Dear Ms. Reither:

The Division of Oil, Gas and Mining has reviewed the Water Quality Sampling Plan submitted separately from the remaining responses to the third review of the Notice of Intention to Commence Large Mining Operations. This review was requested in an electronic mail message received January 16, 2014. The Division finds the plan to be complete but requests that it include a statement that the latest analytical results will be provided to the Division upon request with a copy maintained at the mine site.

Please feel free to contact April Abate at (801) 538-5214, Mike Bradley at (801) 538-5332, or me at (801) 538-5261. Thank you for your attention to this detail.

Sincerely,

Paul Baker
